

War of 1812 Society

This lineage society, established by the Ontario Genealogical Society, is open to anyone who can prove descent from one of:

- a British soldier based in what is now Canada during the War of 1812-14
- a member of any Canadian militia unit that saw action during the War of 1812-14
- a native who saw action on the British side during the War of 1812-14

The proof must be to genealogical standards. Specifically, you must prove that your named ancestor(s) fit at least one of the categories above, and prove the line of descent from that ancestor(s) to you or the person you wish named on the certificate. Acceptable proof consists of photocopies of original documents (or copies from microfilms of original documents). Information from indexes or transcripts is not accepted. For each generation in the descent the marriage of the parents and the birth of the child must be proven. Acceptable sources include, among others, vital statistics records, church registers (christening can be accepted in place of birth information), and wills. A family bible alone is not acceptable although it along with other evidence may be. In cases where clear proof is not available, sound genealogical practice may permit the acceptance of several items, each giving partial proof.

If your proof consists of published material, you must provide full citations, including page numbers. Please note that OGS will not accept published material unless it is demonstrably to genealogical standards and that we may request you to provide photocopies of the relevant pages (including title pages) if the published material is not available to us.

Membership privileges consist of a certificate stating that the person is a descendant the ancestor(s) who were involved in the War of 1812.

All applications are retained by OGS in our Provincial Office. That part of genealogies involving people born more than 100 years ago will be placed in the Members Only section of the OGS website. Future applicants who prove their relationship to someone in a posted genealogy do not need to provide proof for the posted genealogy. Information on persons born less than 100 years ago will not be posted on the website. Applicants who are related to you may receive information from your application on persons born less than 100 years ago if that information will help their application.

The application form is in three sections. The first page contains information about you (or the person to whom the certificate will be issued). If this is a gift, the first page should provide information on the person receiving the gift. Attach a note giving your contact information. Then follows a number of pages which link you to your parents and so on back through the generations until you reach your War of 1812 ancestor. That person's information is on the third section.

The application fee is:

\$40 for OGS Members

\$80 for non-OGS members

If this is a gift, an OGS Member may use the Member price for parents, grandparents, siblings, children, and grandchildren only. All other gifts are at non-member prices. If you are ordering a set of certificates using one genealogy (for example certificates for a set of siblings) then the first certificate is at full price and the others are at half price. Attach a letter outlining what you want.

If you have several War of 1812 ancestors you may, in this application, prove your descent from all of them. Then all your ancestors will be listed on your certificate. The price for each additional ancestor is \$30 for Members and \$70 for non-members.

Mail the application to: War of 1812 Society, OGS, 102 - 40 Orchard View Blvd, Toronto, M4R 1B9.

If you have questions, e-mail <provoffice@ogs.on.ca>. We cannot help you with your genealogy; however your local Branch of OGS may be able to guide you. To find your local Branch, look in the Branches section of our website <www.ogs.on.ca>.

War of 1812 Society

I wish to apply for membership in the War of 1812 Society. I enclose the required documentation and fee. (If this is a gift for another person, fill out this form in the name of that person and attach a letter including your name, address, phone number, and e-mail. All communication will be with you, not the gift recipient.)

Items marked * must be proven.

Section 2 – Your Genealogy

Fill out a block for each generation, working back from the person named in Block 1(previous page), so the next block will be Block 2 and will probably represent one of the parents. If you are proving descent through both of a person's parents, list each in a separate block. Reproduce this page as often as needed.

Mark the Block Number on the back of each proof item.
