The Quinte Branch of the Ontario Genealogical Society (OGS) is a not-for-profit organization with nearly 400 members in the Quinte area and worldwide. The Bay of Quinte, covering Hastings, Prince Edward and southeastern Northumberland counties, was one of the first areas settled by United Empire Loyalists in 1784.

The branch research library is located in the Quinte Genealogy Centre at the Quinte West Public Library in Trenton. There are several databases including the searchable online **Names Index Finding Aid** to assist researchers to locate specific resources in the library holdings that are steadily growing thanks to generous donations. Research can be carried out on-site during opening hours or research help is available from our volunteers through correspondence.

The name you found in the TONI database has more information in Quinte Branch's Online Names Index at < <http://www.snaphosting.ca/quinteogs/>>, a library finding aid, which enables you to identify the reference source and relevant page for the entry. Using this information you can either visit the library to view the source document or request the information by e-mail through the online service.

We are constantly working to add to the database and improve the information displayed in the search results.
